Benny looked at the flowing water and said, "This river needs a big strong dam!"

Page 3

He grabbed his first stick and carried it to the middle of the river.

Page 4

Splash! The stick landed in the water and Benny pushed it into place.

Page 5

Soon Benny gathered more sticks from the forest floor.

Page 6

A curious duck swam over and asked, "What are you building, Benny?"

Page 7

"I'm building a dam," Benny smiled. "It will make a calm pond for everyone."

Page 8

The duck helped push sticks into the water with her beak.

Page 9

Next, Benny added branches and leaves to fill the gaps.

Page 10

The water began to slow down as the dam grew wider.

Page 11

A turtle crawled up and watched the busy beaver work.

Page 12

"Can I help too?" asked the turtle.

Page 13

The turtle carried small stones to hold the sticks in place.

Page 14

More animals came to watch the amazing dam grow.

Page 15

The river water started forming a quiet little pond.

Page 16

Benny packed mud between the sticks to make it strong.

Page 17
